

# Sovereign Hill

On Wednesday the 16<sup>th</sup> of November the St Bernards 5-6 students went to Sovereign Hill to learn about the gold rush and the Eureka stockade. It's the start of the topic so I learnt heaps, but in a super fun way. We decided to go to Sovereign Hill to start up the new topic of the gold rush and experience what it was like in 1851, to help us with further learning at school. We did heaps of activities like gold panning, the gold smelting, going in the Red Hill mine and the education centre where we dressed up.

I learnt so many new things, but had such a great time. I would recommend it to all age groups.
