

national science week 2012

Monday 13th – Thursday 16th August

Come to Narmbool Lodge and celebrate the International Year of Sustainable Energy For All.

During Science Week Narmbool will hold a number of sessions where students will engage in a rotation of hands on science activities that explore the importance of using renewable energy forms. Students will investigate Building Design and Solar Energy, make Rubber Band Boats and a windmill.

Two hour sessions begin at 10am and 12.30pm.

Cost : Free

Maximum of 75 students per session.
